on Beginners Course

This class is for people with some experience - it includes breath awareness and gentle warming up exercises, gradually leading to more challenging *asana*. Amanda always aims to be accepting and non-judgmental so you'll feel comfortable and able to be your authentic self. By coming to yoga classes and cultivating home practice (Amanda's audio classes help with this) – your body will become stronger and more supple, so movement will become more pleasurable. As you learn to breathe with more ease, you'll sleep better and deal with stress better, helping you towards a happier, healthier life.

Avoid eating for 2 hours beforehand. All equipment is provided but bring your own mat if you prefer. There is usually space to park on Princes Villa Road and surrounding streets, please avoid parking on the slip road on York Place

For more information and for audio classes to help with your yoga practice
